**This survey asks you to provide information on FULL-TIME positions requiring a doctorate (tenure-track and non-tenure-track, including postdoctoral positions, instructors, lectures, etc.) that were under recruitment during the academic year 2018-2019 for employment beginning in the fall of 2019.** The data you provide on this survey will allow us to publish a comprehensive picture of last year's academic job market in Mathematics.

You will be asked to report on positions under recruitment and on positions filled in two disjoint categories: tenure-track positions and non-tenure-track positions. Throughout this survey, the term "tenure-track position" includes positions that carry tenure with appointment to the position as well as any position where an appointment carries eligibility to earn tenure.

**Positions Under Recruitment during AY 2018-2019**

**1) Did your department seek to fill any full-time positions requiring a doctorate during the academic year 2018-2019?**

Yes  No

Please report on the full-time positions requiring a doctorate that were under recruitment during 2018-2019, reporting separately for tenure-track versus non-tenure-track positions.

**2) Please report the total number of full-time positions under recruitment during academic year 2018-2019. (If none, enter zero.)**

2.1) Tenure-track positions.....

2.2) Non-tenure-track positions.....

**3) For the tenure-track position(s) reported in Question 2.1: (If none, enter zero.)**

3.1) How many were open to new doctoral recipients? .....

3.2) How many were at the associate/full professor level? ....

**4) For the non-tenure-track position(s) reported in Question 2.2: (If none, enter zero.)**

4.1) How many were open to new doctoral recipients? .....

4.2) How many were for only one academic year?.....

We now ask you to report on any appointments your department made for the tenure-track positions under recruitment during 2018-2019 that were reported on the previous page.

5) Did your department make any appointments to the tenure-track positions under recruitment in 2018-2019?

Yes  No

### Report on Tenure-track Appointments

6) Among the individuals who received the tenure-track appointments: (NOTE: the sum of the numbers reported in (a) and (b) should not exceed the number of tenure-track positions reported as under recruitment in Question 2.1.) (If none, enter zero).

(a) How many were NEW doctorate recipients? (Individuals who received their doctorate on or after July 1, 2018, plus anyone who expects to receive their doctorate by July 1, 2020.)

Women   
Men   
Other

(b) How many received their doctorate prior to July 1, 2018 (not reported above in 6(a))?

Women   
Men   
Other

(b.1) Of those reported in (b) above, how many held a postdoctoral position the previous year? On this survey, a postdoctoral position is a non-tenure-track position that a) is intended for a new or very recent Ph.D. and b) is primarily intended to provide an opportunity to extend graduate training or further research experience.

Women   
Men   
Other

(b.2) Of those just reported in (b) above, how many held a non-tenure-track position other than a postdoc?

Women   
Men
