

1035-Z1-1994 **Queen W Harris*** (qharris@gpc.edu), 2101 Womack Road, Dunwoody, GA 30338. *Sudoku Calculus*. Preliminary report.

Sudoku Calculus

Many people enjoy working Sudoku Puzzles, especially students. I have created Sudoku Limits, Sudoku Derivatives and Sudoku Integrals just to keep my calculus students excited as they work calculus problems. It works! You will learn how I created the Sudoku and will receive a free copy of each. (Received September 21, 2007)
