Yun Lu* (lu@kutztown.edu), Department of Mathematics, Kutztown University of PA,
Kutztown, PA 19530. *Teaching Graph Theory Course Using Modified Inquiry-Based Method.*

In this talk, I will share my experience of using modified inquiry-based method to teach graph theory course for the first time. I will discuss some of my successful and unsuccessful approaches, as well as students' feedback and performance if time allows. (Received September 22, 2015)
