Brokaw Road, San Jose, CA 95112. *Ten Years in Ten Minutes: Surveying the OER Movement in
Mathematics.*

In addition to the individual efforts of those writing, developing, adapting, and using open educational resources, there are a number of programs on the part of institutions, foundations, universities, and higher education systems. Examples include University of Minnesota Open Academic Catalog, OpenWashington, BC Campus, SUNY OER Services, OpenStax, and my own American Institute of Mathematics. In this talk I will briefly describe some of these efforts. (Received September 25, 2017)
