Jianchun Chu* (jianchun@math.northwestern.edu), Department of Mathematics,
Northwestern University, 2033 Sheridan Road, Evanston, IL 60208. *$C^{1,1}$ regularity of geodesics of
singular Kähler metrics.*

In this talk, I will show the optimal $C^{1,1}$ regularity of geodesics of Kähler metrics on compact Kähler varieties away from the singular locus. This is a joint work with Nicholas McCleerey. (Received January 11, 2019)
